

ENDOWMENT COMMITTEE'S
Stepping Stones to Trinity's Future

The Trinity Endowment Committee invites you to give through ***Stepping Stones to Trinity's Future*** to benefit Trinity's Endowment. You will enjoy watching your gifts grow the Endowment Fund bit by bit, while honoring a special event in your life or the life of a loved one. The formula for giving is simple, and no membership or pledge is required. We would invite you to give each year in one or more of the following ways:

- On the occasion of your birthday or that of your partner or spouse, give a gift to Endowment equal to the age being celebrated. For example, if you're turning 50, a gift of \$50 would be welcome.
- On the occasion of your anniversary, consider giving a gift in the amount of number of years being celebrated! For example, if it's your 23rd anniversary, a generous gift of \$23 would be welcome.
- You may also honor the birthdays/anniversaries of your children or grandchildren by giving a birthday gift equal to their age or years of marriage.

We would recommend giving such birthday and anniversary gifts in one of two ways:

1. Give a gift on (or near) the actual calendar date being celebrated; or
2. Give a gift in May, the month designated as Endowment Month. To do so, simply add up the birthdays and/or anniversaries you have celebrated the past year, and give a gift reflecting that total amount for that period.

By giving through Stepping Stones, you will know how good it feels to help the Endowment grow. And hopefully, this will lead you to join the Trinity Legacy Society, if you haven't already joined, thereby committing to remembering Trinity's Endowment in your estate plan. (The Legacy Society application form may be found on Trinity's website.)

To give, simply complete the form below and return it to the Trinity office with your check. We will publish the grand total of all Stepping Stone gifts, plus the names of contributors and honorees (no individual amounts). And we guarantee that no one will question your arithmetic!!
